## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

The Prior Art neither teaches nor suggests a pressure alarm device having the combination of features claimed, especially a pressure alarm device having the particularly claimed combination of a conductive connector base with isolated connector (via isolating base) having an integrally connected conductive wire, adjusting member & movable base, air nozzle, valve, first and second threads, and a flexible film disposed between the second thread section and the isolating base.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record on the attached PTO Form 892 and not relied upon is considered pertinent to applicant's disclosure.
